My Internship experience with clevered

About my app

How people will use the app

Ask me anything chat bot that deals in
countries only

My contacts

Acknowledgements

- A small vote of thanks for all who have helped you in this journey of my App Development – my parents for providing all of the necessary things I used for my app development Mr Ken for creating the different sites and applications used for my app. Clevered, Mentors, Mrs Mani and Mrs Smita for their guidance throughout this session . Group Members, Friends, Sites etc.

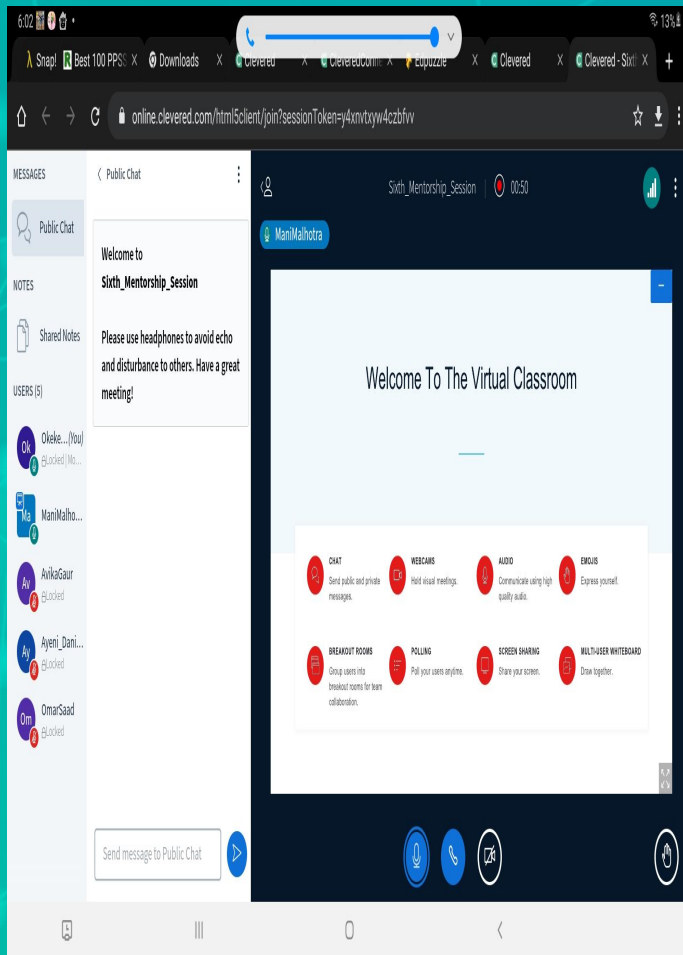

About Me..

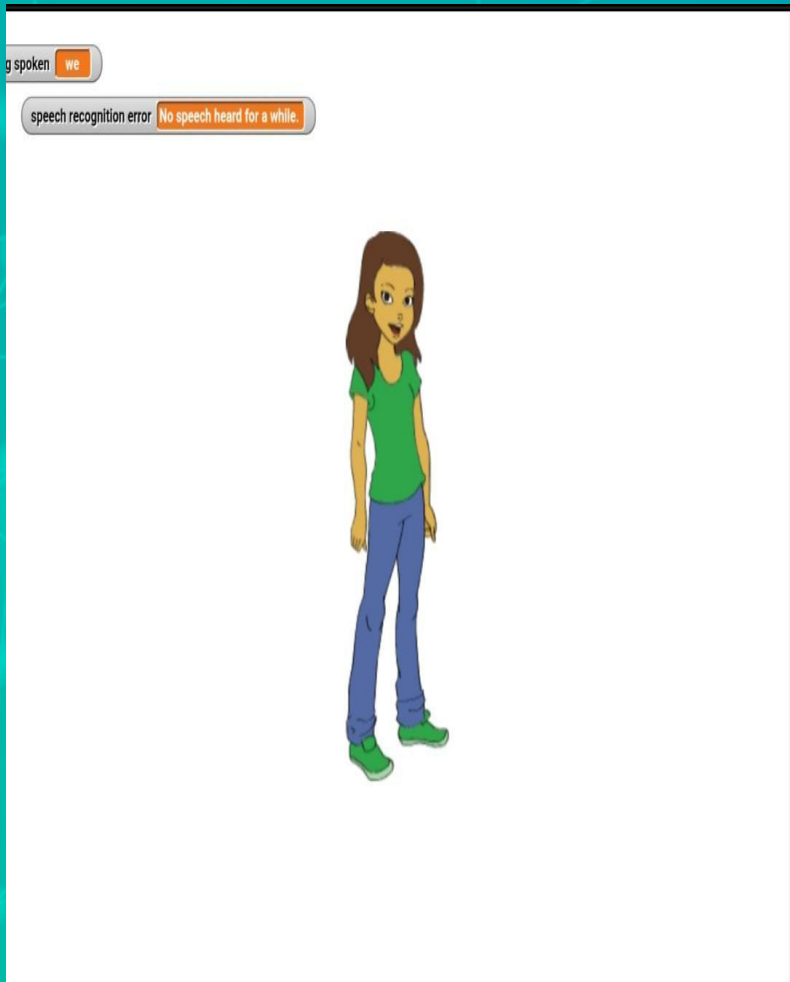

My name is
Okekeitu Michael . I
am in Year 8. I am
12 years of age .
I am citizen of
Nigeria . My hobbies
include Coding and
Reading .

About My Internship with Clevered..

My Internship experience has been a blast and I really enjoyed it so far .
I have earned 7 rock star badges .

About App..

The name of my App is Ask me anything Chat bot (countries) This app uses speaking and listening blocks. It says a list of countries to choose . When you say the one of the countries being mentioned it will give you some information about the country

How do I use the App?

For usage of app go to <https://snap.berkeley.edu/snap/snap.html> and go import the project then after that you will click the green flag and it will say `I only know about countries like Dubai, Algeria et.c .

How to use the App

(This will be repeated for each option of the App)

- **Screenshot/ Pic of each option/screen of the App**

- A dependence is

1 That it's all done in a site : Because it is done in a site it will have glitches and sometimes it may be not responding which may lead to loss of the project

2 It takes time: It takes time for your AI unit to accumulate your words .

Contact Person

- Please reach out to Okekeitu Michaelmikeokekeitu@gmail.com for any questions/ concerns/ suggestions on the App

Thank you!
